> Things are not what they appear to be. The world is ruled by an ancient civilization from Mars. Pastor Tim was one of them, and he was the reason my life was ruined. I will be sharing my story with as many people as possible. I don't have time right now, they are chasing me. I shot pastor Tim 12 times, there is no way any human could have survived that event. Anyway, I have sent my story to all the major news organizations. I have no time, I have to go.

It was a foreign hit squad going after a Saudi prince who was out on the town gambling in plain clothes and they knew the op was failed so they offed padock & stirred up a bunch of shit and had to load mags on the spot hence the long breaks between strings of fire. Also yes;.
